[Monsters Creeping In The Night]

The energy buzzing in the humid summer air... I love it.
ONII-CHAN!
The smell of burnt sugar and sauce..
ONII-CHAN I'M SCARED... I WANNA GO HOME...
But right now I'm in a dark forest, and the only thing separating me from this deep dark forest is a small flashlight.
WHAT?
THIS IS WHY I TOLD YOU NOT TO COME WITH ME
UGH
BUT IT SOUNDED REALLY COOL...

HEAVEN...?
SURE.
CAN I SEE THE MAP ONEE-CHAN GAVE YOU?
Yep... I got this weird letter from my sister about a place she calls "Heaven"...
Give me your flashlight for a sec.
HEAVEN
A big Tree
Shrine Ruins
Now I'm following a map that looks like it was drawn by a grade-schooler.
O-Oh, sure...
I mean, seriously. What's she gonna do if we get lost or something? (Of course, I won't actually tell her that cause she's kinda scary)
Ah, but considering our sister, it's not that weird...
...Speaking of grade-schoolers, they sure develop nicely these days...
...And why the hell am I even thinking about this? Get it together, man

MAN-EATING BLOOD GHOSTS LIVE AROUND HERE, DON'T THEY?
...
?!
HEY...
ONCE THEY'RE EATEN, THEY TURN PALE LIKE THE GHOSTS...
I HEAR THEY EAT PEOPLE WHO GET LOST UP HERE, DRAINING THEIR BLOOD FIRST BEFORE THEY EAT THEM.
YEAH, THEIR VILLAGE IS SOMEWHERE ON THIS MOUNTAIN. THEY DON'T WEAR ANY CLOTHES, AND THEIR SKIN IS REALLY PALE.
THEN THEY BECOME ONE OF THEM...
GYAHAHAHAHAHAHAHAHAHAHAHAHA

even a story like *that* starts to feel real
with only a small flashlight to lead us up this dark mountain
But...
Yeah, we've heard that story so many times now, it's not even scary anymore.
But fear of the unknown will do that to you
Of course, I don't actually think it's real
AH!! WHAT'S THAT OVER THERE?!
WHY'D YOU EVEN BRING THAT UP?
Still...
OHH.
I-IT'S NOT FAIR THAT I'M THE ONLY ONE WHO'S SCARED.

HAHAHA IT WAS PROBABLY NOTHING
